#	ARE THERE ANY OTHER LOCATIONS NOT MENTIONED THAT YOU THINK SHOULD BE CONSIDERED?	DATE
1	I am assuming Riverside Park is Ghulevult Park	6/6/2021 9:20 AM
2	Warndon.	6/5/2021 10:55 AM
3	Worcester to Birmingham canal towpath from Worcester basin until you leave the city. Particularly near to Blackpole trading estate and the gipsy camp site - the towpath is real dodgy here..I tend to avoid and I'm a guy! Angel Street & Foregate Street - Personally, these areas by far are dirty, looking very dated, poor pavements, bad road structure (A38 road!! The A38 should be diverted to the upper link road between M5 junction 6 and 7) no pedestrian area - similar to the High Street- the place is a mess and encourages trouble and makes this area very vulnerable and unsafe for people (worst part of the city) I travel to other Cathedral towns ..being part of my job in teaching and when I get off the train at foregate Street Station, my heart sinks, this is a really bad first impression for our visitors!	6/2/2021 12:01 PM

55	People are most at risk of sexual violence in their own or others homes...these instances are underreported by those affected due to fear of not being believed due to the high % of reports which are NFA'd (No Further Action) by Police or rejected by Crown Prosecution Service and the misconceptions in society about sexual violence due to rape myths and stereotypes going unchallenged by those in power. They are also underreported by the media. Decision makers therefore prioritise crimes which make headlines such as Sarah Everard and respond to those appalling but rarer crimes leaving other crimes undetected and allowed to continue being perpetrated without fear of conviction.	5/26/2021 10:36 AM

1	Better CCTV along the riverside would be great	6/2/2021 8:24 AM
2	Lack of public transport means I either get a taxi (which isn't always safe, and the taxi drivers need to stop making advances to passengers—he knows where I live, and he can lock the door from the inside, so that's always frightening) or walk, and if I walk then men sometimes shout at me or follow me.	5/30/2021 5:47 PM
3	Public sexual harassment is rife and the police/cps don't take it seriously so there is no	5/29/2021 5:36 PM

deterrent. Women don't feel unsafe because of a lack of streetlights!! They feel unsafe because they are unsafe because sexual harassment and violence is a gendered crime and girls are taught to be afraid from an early age

4	More policeman out and about. Able to help the homeless off the streets and the drinkers	5/29/2021 1:25 PM
5	I think it is more a perceived unsafety rather than based on any reality.	5/29/2021 10:21 AM
6	No one around so no one to call out to for help	5/29/2021 10:01 AM
7	Stilling areas, dangerous places, unsafe,	5/29/2021 12:40 AM

9	some of the locations are very narrow and you can't see anyone coming towards you etc	5/28/2021 12:02 PM
10	So many cars have pulled up next to girls harassing them even in daylight.	5/27/2021 9:23 PM
11	Feeling cornered/ alleyways with only one route out	5/27/2021 8:22 PM
12	Plenty of bad things have happened in all locations	5/27/2021 1:51 PM
13	As i am a single female	5/27/2021 1:10 PM
14	Presence of people under the influence of drink/drugs. I would avoid most of the above locations after dark.	5/27/2021 10:13 AM
15	Women are warned not to enter places that are lonely and where you may be vulnerable so I tend to avoid these places and take a safer route	5/27/2021 9:44 AM
16	poor conviction rates for sexual assaults/violence	5/27/2021 9:12 AM
17	It's more the time of day than location for me. Any time there are likely to be groups of drunk people about.	5/27/2021 9:04 AM
18	Groups of drunk men	5/27/2021 8:56 AM
19	It depends if I am on my own and if there are groups of men there	5/27/2021 8:28 AM

22	Feels exposed	5/26/2021 7:55 PM
23	Dodgy people in area	5/26/2021 6:55 PM
24	In general as a female I feel more vulnerable after 6pm once daylight hours start reducing. I would be comfortable in the City Centre and the hospital locations, up to 7pm, however some of the other locations I would think twice about using once darkness falls and would not visit a park /riverside on my own.	5/26/2021 3:56 PM
25	Non-residential areas so feel as if there's no general public around	5/26/2021 3:27 PM
26	Close to the walkthrough to the county park	5/26/2021 11:11 AM
27	Prosecution rate for rapes being only 1.6% of those which reach court...rape has basically been decriminalised in England and Wales so regardless of what measures are put in place those who CHOOSE to rape, sexually assault or sexually harass others are shown they can do so without fear of prosecution.	5/26/2021 10:36 AM
28	Mainly just the people that hang around the areas.	5/26/2021 9:44 AM
29	I don't feel unsafe in these locations. It is not about target hardening these locations it is about making them accessible and used by a variety of groups to encourage use and natural surveillance. It is also about information and education for all and not perpetuating stereotypes about women's lives and places they should fear.	5/26/2021 9:17 AM

35	I think it's an automatic response tbh. Dark, alleys, after regular hours, I'm conditioned to feel unsafe from years of being told it's unsafe.	5/25/2021 4:33 PM
36	When people come up to you when walking through town. It makes me feel singled out and targeted.	5/25/2021 3:46 PM
37	Very tight and enclosed spaces.	5/25/2021 3:34 PM
38	For alleyways and the canal the lack of escape route is always threatening.	5/25/2021 3:32 PM
39	Less people around that time of night, dark, therefore you feel more vulnerable.	5/25/2021 2:40 PM
40	I don't feel unsafe or vulnerable	5/25/2021 1:55 PM
41	On the whole I feel safe in all these locations but it definitely drops when it is dark so I tend to avoid these spaces then (except the city centre, as there are plenty of other people around there).	5/25/2021 1:52 PM
42	A lot of homeless people in the city centre, some drunk/after drugs	5/25/2021 11:21 AM
43	I am never comfortable around areas there are people drunk. I have been involved in or witnessed too many incidents involving drunken aggressors, both male and female.	5/25/2021 11:17 AM
44	generally feel less safe when fewer people are around, in areas that are poorly lit, with reduced visibility around you. I can't specifically link feelings of safety with these areas. I tend to avoid the areas i feel unsafe at times when i feel more vulnerable. i wouldn't feel safe walking through cripplegate park when it's dark as there is reduced visibility of the surrounding area, but i don't feel worried during the day	5/25/2021 9:57 AM
45	I feel unsafe in areas where there are fewer people and that are less well-lit.	5/25/2021 9:41 AM
46	Large numbers of teenager gather at location, verbal abuse given people avoid areas	5/25/2021 9:22 AM
47	If I am honest, I wouldn't even consider going to most of these venues after 7 or 8 just because its ingrained in me that I will be more at risk. I work my time/day so I am not around at that time. Sometimes I walk home from the train city centre late at night and I still feel as though I need to keep my wits about me through town and towards diglis just because late at night its remote. I know I could get a taxi but I like to walk, so I just walk quick!	5/25/2021 9:15 AM
48	Groups of people purposefully trying to be intimidating especially around train station	5/25/2021 9:14 AM
49	The city centre at night has always been a threatening place due to large numbers of drinkers around. I don't think we want more lighting, there's so much light pollution in Worcester already. outside of the city centre it's to do with being in places with few people around. I live on the west side of the city and will not walk into town in the dark unless I really have to and then I'll take the long way round sticking to main roads. CCTV isn't much use because it's not monitored so only comes in to play after someone has been attacked.	5/25/2021 9:14 AM

60	I have lived in bigger cities and when you go to Worcester City Center there is a lot of homeless people and some not all getting up to no good and taking drugs, drinking publicly. When my children were younger I avoided taking them in to Worcester city center so they didn't have to see such sights.	5/22/2021 5:03 PM
61	No CCTV never see Police.	5/22/2021 4:46 PM

63	Lots of drunks/rough sleepers/begging	5/22/2021 2:56 PM
64	Although I don't frequent some of the areas at all/regularly, I think a few things combined add to my fear such as knowing that these places can be remote/quiet, such as the racecourse, that there isn't any CCTV and also hearing of people's previous experiences.	5/22/2021 12:57 AM

81	Living near the river, I see large groups of drunk men almost every night. We've even seen fireworks being thrown.	5/20/2021 12:16 AM
82	Secluded	5/19/2021 11:16 PM
83	We live in a society where rape culture is prevalent and girls are raised to feel vulnerable in public spaces at particular times of day - so we're learn to be wary and hyper vigilant. Public spaces are not designed through a feminist lens. There's a prevalent idea that women shouldn't move freely through public spaces - check out town planning developments in Barcelona, for example.	5/19/2021 9:19 PM
84	In some of the areas listed, especially the Riverside and Cripplegate, you have groups, mainly of men drinking , I have never had a bad experience but the perception of the areas safety is different.	5/19/2021 2:49 PM
85	Circular issue - not always busy in later evening so you can feel vulnerable. I've walked	5/19/2021 6:56 AM

into/out of town a few times via London road and felt very obvious on my own as I was at times the only person walking. Walking out of town up London road at 9.30/10pm I ended up in the middle of the road - no traffic and away from shadowy side roads. Felt really silly, it's my home city and statistically I'm not likely to be attacked, my late teenage sons at the time were more likely to get into trouble.

86	General feeling that a location such as that could be dangerous	5/19/2021 6:31 AM
87	Often men around at night on their own looking drunk	5/19/2021 5:56 AM
88	A lot of loitering from men and away from housing / main shops where witnesses could deter bad things from happening	5/18/2021 9:55 PM

94	Worcester's alleyways are filthy with lots of evidence of drug use, alcohol consumption as well as being used as public toilets - urination / vomiting etc. They are poorly lit, smell and lots of litter etc - really not great places to transit through.	5/18/2021 1:11 PM

111	Doesn't promote safety - creates stress and anxiety	5/17/2021 11:11 PM
112	Alleyways and the canal: difficult to have an overview to see who's coming. And not enough routes to flee if necessary, since there is really only two ways to go: forward or back. Plus on the canal the routes to get away from the canal back into the city are often through vegetation or an alleyway where you can't see who's coming (or lurking) and which don't have that many people using them. Parks: At night you have no idea who is in there and doing what. You can't see who's coming. Station: the bike rack at Foregate Street is a prime location for an attack,	5/17/2021 11:11 PM

because it is out of the way of the public eye and there is only one way in and out. Plus the lighting isn't that good there and there are always vague people hanging about that area.

113	Rogues don't seem bothered by security systems in place.	5/17/2021 11:09 PM
114	Beggars and nuisance behaviour from rowdy drunks	5/17/2021 10:56 PM
115	I've seen first hand someone being verbally abused in Cripplegate park. I stepped in to help. I was with my husband and it was day time so I felt confident to do so, I simply wouldn't be there after dark as it really doesn't feel safe which hugely impacts on my wanting to take my children during the day too. There is usually lots of broken glass/bottles and dog poo around the play areas also which is dreadful when your trying to enjoy time with your children.	5/17/2021 10:19 PM

120	Feel vulnerable when alone always extra vigilant and very tense early morning or dusk onwards in any location where may be restricted escape routes or where there are dark or concealed areas with no cctv. Cripple gate park I feel vulnerable due to media coverage of recent attacks there and lots of intimidating groups hanging around makes me feel wary even during the day with my children in the park.	5/17/2021 9:54 PM

125	Type of people around the area	5/17/2021 8:07 PM
126	Secluded, people hanging around, groups gathering, litter, no escape/exit if approached, no one around to help.	5/17/2021 7:59 PM
127	I feel if I was to run away it would take some time to find safety. Also, with the alleyways and city centre, I feel there are lots of spaces people with bad intent could hide. When walking down the main high street in the winter months the accumulation of homeless men on the benches scared me. There seemed to be an acceptance of openly vomiting and shouting and clear intoxication/drug use. I don't know what the answer is as I also believe homelessness is a very challenging and difficult problem.	5/17/2021 7:44 PM
128	A bus shelter on Millward Drive would make a big difference. The stop was moved from the Tesco stop.	5/17/2021 7:22 PM

133	Often frequented by drunks and or the homeless. The latter shouldn't be a matter for concern, but it is. You feel very closed in in the alleyways and walking alone it would be very easy to be blocked in	5/17/2021 5:38 PM
134	Erry quiet or solo men acting oddly...been approached before	5/17/2021 5:19 PM
135	Because I feel unsafe in most places, unfortunately. That's the reality for women. There will always be a physical disparity and until we change attitudes and behaviour towards women, at a societal level, our safety will be an issue.	5/17/2021 4:41 PM

147	Unfortunately due to experience I am wary of being alone in any location due to assaults by men. I welcome all measures to start making women feel that bit safer. 152	Canal tow path - groups of people hanging around. Fear of being followed or pushed of my bike.	5/17/2021 2:05 PM
153	Q3 depends on the season. I feel safer in daylight. It is always risky by Foregate and the Odeon due to the unpredictable behaviour of the people that spend time there.	5/17/2021 2:02 PM
154	Some alleys have little areas off to the side (the one opposite foregate station) where someone could hide. I've never used the alleyway beside the Weatherspoon by Crowngate as there have been strange characters and it smells of urine. As a female you feel safer in open spaces that are not only well lit but that have CCTV and have other people around. People around isn't always possible but putting in every other measure possible would help make a person feel safer.	5/17/2021 1:56 PM
155	Poor visibility and concealed doorways	5/17/2021 1:55 PM

#	RESPONSES	DATE
1	CCTV and more lighting	6/6/2021 9:20 AM
2	Because I suffer from anxiety and depression, I prefer to go out when it is quiet so tend to go out in the evening however I sometimes don't for fear I could be attacked or someone may take my dog.	6/5/2021 10:55 AM
3	More lights and police	6/3/2021 2:49 PM
4	More police presence. Better management of alcohol sales. Keep areas cleaner - litter free, pressure wash away spilt residue off pavements. Create an anti-drug programme to deter users. Proper punishments to fit crimes - (Create a new form of mandatory 'National Guard' for repeating offenders)	6/2/2021 12:01 PM
5	I feel perfectly safe in Worcester	6/2/2021 9:19 AM
6	better patrols in the city centre.	6/1/2021 12:48 PM
7	Regular police/community officer patrols. I work with the Worcester Street Cafe as a volunteer and feel safer on the street giving out food than walking through some areas of town after dusk!	6/1/2021 7:06 AM
8	Shrubhill station, more evening/nighttime trains terminating at Foregate St station would help + CCTV	6/1/2021 5:29 AM
9	I have decided just not to use them	5/31/2021 8:52 PM
10	fewer problems	5/30/2021 10:17 PM
11	More public transport, or at least reverse the cuts. It's good when bus stops are near pubs or other places where there are lots of people. They should always be lit, and the timetables should be correct. Close the strip club. Men are more likely to behave poorly to women in general when in the proximity of strip clubs, plus everyone knows the women there are being abused. Why does a reputable establishment need that many condoms?! More police patrolling near the racecourse, because it's a thoroughfare for young women at the university, and it's dangerous there.	5/30/2021 5:47 PM
12	better lighting, access to support centres - NOT more police	5/30/2021 4:20 PM
13	Increased CCTV	5/30/2021 10:38 AM
14	Lighting, cameras, police	5/29/2021 10:44 PM
15	Better lighting, police presence, cctv	5/29/2021 10:42 PM
16	More police visibility, more funding to local government departments in order to allow staff to work different shifts. E.g cemetery, parks department	5/29/2021 8:41 PM
17	Police presence Lighting Training on how to defend myself from an attacker	5/29/2021 7:44 PM
18	Railway Walk would benefit from regular litter picking and more lighting. It's also time it was re-surfaced as it can be a real ankle twister at times which is harder to avoid in the dark. A few years ago I encountered fishing wire laced across the path in one place which was very dangerous and I took it down and reported it to the police at the time.	5/29/2021 6:18 PM
19	Review the criminal justice system. Train police, cps and judges about the impact of public sexual harassment. Actually prosecute sexual offences. Implement a city wide education Programme through schools /radio etc. Educate our sons to protect our daughters. Most of all, stop kidding yourselves that some half cooked sticking plaster approach is good	5/29/2021 5:36 PM

33	CCTV LIGHTING	5/28/2021 10:34 AM
34	A lot of empty buildings near the entrance to the bus station, along the street with McDonald's - it becomes an area for certain people to congregate and make passers by feel unsafe. They need to put money into that area to uplift normal people flow and update the facilities to encourage a better general working environment.	5/28/2021 10:25 AM

44	More lighting and visible policing	5/27/2021 3:04 PM
45	More cctv	5/27/2021 1:51 PM
46	Education children and young people around health relationships, consent, sexual harassment, gender equalities. Intervention programme to encourage all to challenge negative behaviours around violence, bullying and discrimination. Education not only to women but to men and boys	5/27/2021 1:10 PM
47	Add more CCTV cameras and make areas more well lit.	5/27/2021 12:36 PM
48	Increased cctv monitoring Better lit areas	5/27/2021 11:42 AM
49	Greater presence of a 'friendly face'. Does not have to be police officer. Something similar to the covid marshals would be good. I also think it would help protect young adults out and about in the city in the evenings who become vulnerable due to drinking.	5/27/2021 10:13 AM
50	More street lights, visible CCTV, policed areas	5/27/2021 9:46 AM

51	To be honest with the lack of available police it's hard to make them safer. CCTV helps a bit but won't stop a crime taking place unless constantly monitored for any suspicious activity. Thought at the design stage is important to help ensure vulnerable areas aren't created in the first place. CCTV helps to solve crimes. Regular policing on the ground and better conviction rates for rapists. Finally, (and I haven't been in a taxis for ages!!) it always surprises me that taxis don't take cards/apple pay. If they still only take cash this makes women very vulnerable because if they don't have cash on them they can't get a taxi and I'm not aware that you can get cashback if out in town at night without your card. So many people, esp younger people use phones and watches to pay if they get separated from their friends they can end up walking home and therefore more unsafe.	5/27/2021 9:44 AM
52	High street better lit at night with CCTV	5/27/2021 9:40 AM
53	CCTV, more police presence and better lighting	5/27/2021 9:37 AM
54	Access to substance abuse rehabilitation programmes for vulnerable people	5/27/2021 9:32 AM
55	Educate men and boys about gender inequality and sexual violence	5/27/2021 9:12 AM
56	More policing. Better education of young men that yelling at women and girls shouldn't be accepted as normal behaviour.	5/27/2021 9:04 AM
57	Lighting by the riverside is the main thing especially in winter when it's dark earlier.	5/27/2021 9:02 AM
58	Have police in areas like this to manage things if someone feels uncomfortable. Big groups of teenagers hang around there so it's just to make others feel safer and more comfortable and enjoy going out	5/27/2021 9:01 AM
59	CCTV. More policing. More lighting.	5/27/2021 8:57 AM
60	Visible policing, better lighting, more CCTV	5/27/2021 8:56 AM
61	men to behave properly	5/27/2021 8:56 AM
62	Awareness training to boys & men eg not to walk closely behind a woman on her own, advice to cross the road away from a woman on her own, awareness that boys/men in groups can seem threatening. This is about EDUCATION and youth training, and public signage/guidance.	5/27/2021 8:28 AM
63	Live CCTV? As the moors car park is in a remote location, I feel nobody would know if something happened.	5/27/2021 8:18 AM
64	Cctv and lighting	5/27/2021 7:24 AM
65	I guess there could be an improvement of security or at least cameras all around town and dimly lit places such as alley ways, around crowngate etc. Personally because I don't have a car and if I am walking through town in the dark, even if it isn't late I will have to stay away from some places, there are usually men coming up to you or shouting at you and I have to stick to main roads out of fear for my life. I shouldn't have to be scared of that. I shouldn't have to be scared that I might not make it home safely that day	5/27/2021 6:41 AM
66	Cctv in alleyways	5/27/2021 6:40 AM
67	Clean up the area, make it less inviting for people to hang about. Play some opera music I heard that deterred groups to hang around. Make it a community space maybe... more than just the obvious of cctv.	5/26/2021 11:54 PM
68	Better lighting, cctv & cctv notice signs, more policing	5/26/2021 11:38 PM
69	more lighting, later running buses, more obvious cameras/cctv	5/26/2021 11:29 PM
70	More police around in these quiet locations, especially after dark! The river side needs better lighting	5/26/2021 11:25 PM
71	CCTVs. Light,	5/26/2021 11:23 PM
72	More lights in cripplegate	5/26/2021 11:12 PM
73	On the spot fines	5/26/2021 11:02 PM
74	Well lit CCTV REGULAR policing.	5/26/2021 10:54 PM
75	Better lighting, cctv. Cripplegate has always had ongoing issues, so I am unsure about what	5/26/2021 10:45 PM

	would be successful there	
76	More cctv in alleyways, and better lights. If there were late night buses or transport as well that would be better	5/26/2021 10:29 PM
77	CCTV, localised policing within the areas.	5/26/2021 8:59 PM
78	CCTV and more lighting in darkened areas	5/26/2021 8:36 PM
79	more police or people who will watch the area to make sure people are safe	5/26/2021 8:19 PM
80	Cctv and lights	5/26/2021 8:05 PM
81	Clearly displayed cctv with audio as well as visuals, better lighting, visible policing	5/26/2021 7:55 PM
82	Police and cameras and lighting and maybe even signs to raise awareness	5/26/2021 6:55 PM
83	More visible police and cameras and better lighting.	5/26/2021 6:38 PM
84	Better lighting	5/26/2021 5:49 PM
85	More lights and shops open for longer// till later	5/26/2021 4:31 PM
86	More visible police/security staff. Eg at train station or WRH. Cheaper, well-lit car parking close to venues, such as the Hive, cinemas, theatres and restaurants.	5/26/2021 4:07 PM
87	Better CCTV!	5/26/2021 3:56 PM
88	Better lighting, neighbourhood watch patrols etc	5/26/2021 3:53 PM
89	More of a police or community presence	5/26/2021 3:27 PM
90	Having police around when day light starts to go	5/26/2021 3:05 PM
91	Community officer/marshal/wardens present and cctv	5/26/2021 2:05 PM
92	More lighting and CCTV	5/26/2021 1:18 PM
93	Increase the numbers of abusers who are convicted for their actions. Educate the general population using these areas so that they understand what is and isn't acceptable behaviour. What the law requires of them in terms of consent and what the myths and stereotypes are about sexual violence. Replace these with the facts and information on what support is available to those who are affected by sexual violence.	5/26/2021 10:36 AM
94	To not have people who are drinking/taking drugs/shouting/swearing there.	5/26/2021 9:44 AM
95	As noted above, it is not about target hardening these locations it is about making them accessible and used by a variety of groups to encourage use and natural surveillance. It is also about information and education for all and not perpetuating stereotypes about women's lives and places they should fear.	5/26/2021 9:17 AM
96	more CCTV, lighting in poorly lit areas.	5/26/2021 9:03 AM
97	Better provision for homeless drug users and alcoholics so they're not loitering around intimidatingly. Although I don't actually think they're a threat because they're very vulnerable themselves but they make the city feel horrible - the council should provide proper care and support for them. Other than that quality cctv which works, and public awareness campaign mostly for men to highlight that sexual harassment/abuse/attacks will not be tolerated in Worcester.	5/26/2021 6:54 AM
98	Increased police presence, especially on days where there is not as many people around in the streets in general, such as Sundays when the clubs are shut	5/26/2021 1:01 AM
99	Some parts of river path could be better lit	5/25/2021 11:32 PM

106	Better lighting in dark pedestrian alleys	5/25/2021 7:08 PM
107	If the university is affiliating themselves with tramps then there needs to be a safe route from the night club to the uni halls. We had a man waiting on the bridge by the hive and he followed us until we ran in to city campus and hid. Even jogging to keep up with us running. Then when he lost us walked back to the bridge. This is the main path back to university from tramps at the time night clubs were open and there was no one in sight	5/25/2021 6:30 PM
108	More lighting in certain areas such as alleyways.	5/25/2021 4:54 PM
109	Much better lighting. Obvious CCTV, with warnings that you are on CCTV. (and good quality CCTV at that)	5/25/2021 4:33 PM
110	Lights, cctv cameras	5/25/2021 4:26 PM
111	Better lighting, CCTV coverage in alleyways, policing of groups in city centre who approach the public.	5/25/2021 3:46 PM
112	CCTV, police patrolling, better lighting, stopping people from lingering in alleyways, widespread anti harassment campaigns, an app that could immediately alert appropriate officials such as police when women are in danger of harassment / abuse / assault, signposting unsafe areas where women's safety is at an increased risk,	5/25/2021 3:34 PM
113	Better lighting, obvious CCTV.	5/25/2021 2:49 PM
114	More police present, walking the streets.	5/25/2021 2:40 PM
115	More lighting and policing	5/25/2021 2:38 PM

118	Get rid of the PSPO notices. They are ugly and counterproductive. I was unaware of aggressive begging, aggressive cycling, aggressive skateboarding and the intentional feeding of gulls until I saw the notices.	5/25/2021 1:55 PM
119	Security/ policing. More lights. CCTV. Police need to take women's reports more seriously, as being followed/ approached is extremely traumatic but isn't taken seriously until we are actually hurt. Also there's times in the past where I have reported literal sexual abuse to security members and they've not taken it seriously. More training for those working in security. Maybe walking buses back from town during clubbing hours for those who can't afford taxis etc. Just take people more seriously, provide light, provide CCTV, provide visible policing, provide affordable personal security devices like rape alarms to women	5/25/2021 1:52 PM
120	Cctv and well lit areas. Visible policing, more women security guards	5/25/2021 1:27 PM
121	More areas lit and with CCTV.	5/25/2021 12:54 PM
122	Much better lighting, visible CCTV of HD quality with signage, more active police or PCOS presence.	5/25/2021 12:54 PM
123	Consent should be taught at a young age. Making sure men know that rape and sexual assault is a crime and is disgusting. When sexual assault allegations are brought to the university's attention they should act quick, make sure the victim is safe and KICK OUT the sexual assaulter. They SHOULD NOT mask it as the assaulter has left the university of their own volition as this creates false narratives about the victims. This gives the assaulter the chance to say they have been 'bullied out' as the university will do nothing to ensure the victims are safe from people not hearing the correct story. Protect the victims, NOT the assaulter! Bouncers at clubs need to be vigilant. CCTV needs to ALWAYS need to be working - as evidenced by Tom Jones. Female taxi drivers on nights out. Female bouncers. Female policing.	5/25/2021 11:40 AM
124	More light, police, CCTV, programs which would connect people so we don't have to walk alone, if we don't have friends.	5/25/2021 11:21 AM

trouble spots but I have never walked down an alley way and seen a police officer there. CCTV and lighting can help but it doesn't stop a determined criminal or anti social behaviour completely.

126	Many pedestrianised areas in Worcester, especially in the winter, become deserted after 4.30/5.00pm. For instance in the high street, shops and cafes close so there are no 'friendly faces' around, just people using the bars & pubs. This makes me feel vulnerable. I think that an increase in evening usage of that area in terms of restaurants, cafes, community groups/events (with a focus on non-alcohol based facilities) would increase the footfall in this area, making it feel safer. The riverside park is very poorly lit in the winter, both on my morning and evening pedestrian commute. At present in the winter I take a longer route to avoid this area. I understand that there are conservation issues with the bats, but I would appreciate a re-consideration of the issue. This would also lead to more people utilising the space, which in turn would make me safer. In general, I think making active transport and more evening based activities/commerce/alcohol free events a priority would lead to an increase in people, which would make these areas more lively and safe.	5/25/2021 11:15 AM
127	Better lighting at night for the parks and alleyways, CCTV cameras	5/25/2021 11:06 AM
128	I am a student at the hospital, where the staff car park is away from the main entrance. Especially in the winter months when it is dark early mornings and evenings, I don't feel safe walking to and from my car, with the big wooded area to the side which has easy access to the car park. The wooded area is poorly lit and I believe no cctv in the car park.	5/25/2021 10:55 AM

139	More cameras along city , more police or officers in the evening, when I was a minor I was physically and verbally harassed by an older man who was clearly very drunk and out of control in the crowngate at about 5pm, so it's not just late nights where this happens, it would be nice to have some officers out in the earlier evenings as well as the later nights as I've seen them before	5/24/2021 6:31 PM

244	Increase street lighting, non intrusive CCTV. Get rid of the run down empty units which creat a bad atmosphere. Improve shelters and services for rough sleepers.	5/19/2021 10:05 PM
245	In city centre alleys definitely cctv that works. Better lighting. In parks it's harder as it depends who is there - if isolated it's easy to feel vulnerable. I dont actually walk in any park alone these days.	5/19/2021 9:44 PM
246	I think town planners etc. should all refer to Caroline Criado Perez's work on this in Invisible Women as well as Leslie Kern's Feminist City to understand the socialisation of women and their impact that had on perception and look to other cities that are doing this well.	5/19/2021 9:19 PM

258	Shut down bushwackers !	5/19/2021 8:55 AM
259	Somehow reducing low level antisocial behaviour - the alcohol bans help. Review planting to reduce shadows. I now use King street car park after dark as you can see into it from Sidbury for example. Evening events like the Arches festivals get families and people into town and keep it lively after dark, with more housing near the centre some initiatives to reclaim the streets would help reduce fear of being in the centre.	5/19/2021 6:56 AM
260	Visible CCTV and visible policing. Police in general is not a presence in town centre or its surrounding areas.	5/19/2021 6:34 AM

Posters as well about how people can protect others e.g. if a women goes up to a stranger and acts like they know them, go along with it as it could be because they feel unsafe. The poster could list signs of how to notice concerning behaviour and also how to not startle women. E.g. don't walk closely behind a women, over take from a distance etc.	5/18/2021 9:55 PM

282	Actually do something about the begging situation in town. They sit in full view of cameras and Police even since the new PSPO came into effect and nothing gets done! It's gotten to the point where I'm afraid to even walk into my own home because they're sat outside drinking, begging, feeding seagulls, screaming at each other over who is paying for the drugs. (I am not exaggerating in the slightest, this is almost a nightly occurrence since the pubs reopened. They come down at 7pm and don't leave until the pubs are shut. Considering I finish work after 7 I have to call my husband down to escort me home because I'm afraid to walk past them some days. Yes I have reported it many times, the best I got was a personal alarm sent in the post by the council/police with the excuse, if we move them away they will only go somewhere else.)	5/18/2021 2:08 PM
283	Drugs are now being freely traded in broad day light at various locations in the city centre. This needs to be stopped. In addition the sale of alcohol in convenience stores in the city centre should be banned. Worcester also needs to more education on litter - people have absolutely not regard for the city and drop litter everywhere.	5/18/2021 1:11 PM
284	lighting	5/18/2021 12:55 PM
285	Visible police or warden patrols Staggered closing times of shops Signs in relevant areas to say "This area is covered by CCTV"	5/18/2021 12:53 PM
286	Good lighting, clear CCTV (and signage), policing presence, alternative (ideally staffed) venues for young people to socialise appropriately that are actually more attractive to them than hanging around town and parks, more detached youth workers/mentors to support young people	5/18/2021 12:52 PM
287	The removal of all people loitering, sleeping outdoors and outdoor drinking.	5/18/2021 12:42 PM
288	I am very worried about someone stealing my dog and no one being there to help or stop it	5/18/2021 12:33 PM
289	More visible policing would improve every area and the feeling of safety for everyone.	5/18/2021 11:57 AM
290	More lit or presence of security or police or someone to help if needed	5/18/2021 11:51 AM

Worcester Safer Streets

292	More lighting and "tidy up" the alleyways as they are very dirty, grimey places that don't instill confidence	5/18/2021 11:45 AM
293	CCTV for things that happen and more police around generally to stop harassment.	5/18/2021 11:42 AM
294	MORE VISIBLE POLICE/SAFTEY OFFICER PRESENCE, MANNED & WORKING CCTV	5/18/2021 11:27 AM

297	More help presence on the streets -	5/18/2021 10:40 AM
298	Visible police/security presence, well advertised CCTV which actually covers all areas, is viewed by a person 24 hours a day and works! Better lighting where possible. Keep places clean and tidy. No little pockets of spaces where people could potentially loiter/hide	5/18/2021 10:34 AM
299	More police presence	5/18/2021 10:06 AM
300	Friendly smiling police officers or CSOs chatting to everyone, either on foot or bike (bikes can respond quicker and cover more distance). I find CCTV creepy and sinister, and police in cars less approachable.	5/18/2021 9:49 AM
301	Seeing an actual patrol officer in town I have never seen one... Yet the police station is right round the corner. Security guards at crown gate are never present or when they are they ignore large groups of men with no masks on hanging around the exit doors. I thought I was going to get mugged! There was a man in a dress screaming with his friends running through the shopping centre too and a security guard did walk past oh these occasions but did nothing to disperse them. Also people simply do not social distance at all, maybe keep clear stickers around the entrances to shopping centre, and more of an actual security presence would be good. I feel like if something ever did happen nothing would be done about it there would be no police or security around to help.	5/18/2021 9:45 AM
302	CCTV IN THE AREA AND REGULAR FOOT PATROLS IN THE AFTERNOON.	5/18/2021 9:42 AM
303	Efforts to address cultural issues around womens safety eg i dont want to be approached by any men when im out on my own, particularly when theres no one else around. More institutions/employers promoting zero tolerance towards rape/sexual harassment Free rape alarms / self defense classes People who door knock vulnerable people - something to stop that More female police generally - not that it holds baring on ability to police but that most men just dont have first hand experience of feeling at risk and i would feel much safer being approached by a female police officer.	5/18/2021 9:35 AM
304	In cripple Gate Park more lighting so I can see walking through after work. Policing/ working cctv in the other areas especially after 6pm	5/18/2021 9:26 AM

331	Clean the areas up, like the alleyway by the Odean. CCTV, as someone flashed me on that alleyway but I had no proof to do anything about it. Generally making the anesthetic nicer, supporting local businesses and events in these areas so the public want to go. For example, about 6 years ago the arches under the railway were a no go. Now there's lots of nice independent businesses run by nice people.	5/18/2021 7:41 AM

339	Improved lighting More CCTV More police patrols	5/18/2021 7:04 AM
340	The walk between Worcester royal and county hall needs more/better lighting. The lights around County Hall car parks are sensor operated to save energy I presume. Sensors not strong enough/don't last long enough. Often one light turns off before you reach the next one so are walking in darkness	5/18/2021 6:54 AM
341	Cctv that works, brighter lighting, no tall bushes/trees in the middle where visibility is limited!	5/18/2021 6:48 AM

369	More visible police, better lighting, obvious cctv	5/17/2021 9:09 PM
370	Increased police presence is required across the whole city in my opinion. Improved CCTV would be an improvement. Perhaps stronger punishments on men who commit violent attacks on women and/or other men may act as a deterrent too.	5/17/2021 8:56 PM
371	Stop people hassling you. Regulation for cyclists to slow down and be more respectful	5/17/2021 8:41 PM
372	More visible policing and more cctv.	5/17/2021 8:35 PM
373	Lights. Automated by people walking on the path? (Cripplegate) the friends meeting house is a key area where kids hang out. Also vagrants. I have been shouted at by meth heads in cripplegate before drinking in the daytime. Shouting at my to tie up by zip up shoes to make me look down and laughing.	5/17/2021 8:34 PM

Worcester Safer Streets

374	CCTV to prevent crime. Have been approached in broad daylight when walking my dog. A women with a man tried to take my phone off me in Cripplegate Park, then was expletive when I refused and run away. Trying to sell drugs to me around by the cathedral. I'm always aware of my surroundings and if something doesn't look right change direction. But do feel vulnerable as a single woman walking my dogs. Thank you for looking for ways to improve safety .	5/17/2021 8:22 PM

383	All of the above	5/17/2021 7:58 PM
384	Pro active police presence	5/17/2021 7:53 PM
385	It might be old fashioned but more beat bobbies. A physical, reassuring presence. CCTV is all very well and good when looking for evidence for prosecution after the event but CCTV can't be approached for a chat to get yourself out of a nerve wracking situation. Or simply for some reassurance. When previously faced with a drunk and sexually lewd man on a platform station, the rapid response of the British Transport Police was more reassuring than knowing the incident would be on CCTV. Perhaps there could also be taxi rank patrols on busier nights ensuring people get into taxis and taxis don't try to refuse fares unreasonably. I was refused a taxi from Boleros to Diglis one evening (I'd not been drinking at all) because the distance "wasn't worth the fare." It might not have been a big fare but I'd really not wanted to walk from town to Diglis alone that night. Thankfully another taxi agreed otherwise I'd have had no choice to walk.	5/17/2021 7:44 PM
386	I shall have to get a taxi in future.	5/17/2021 7:22 PM

Worcester Safer Streets

398	More lights/ cctv	5/17/2021 6:13 PM
399	No lighting and CCTV in a lot of areas - have signs about CCTV so we know where is actually covered/safe to walk. I feel like the crime isn't always avoidable, but having the evidence to catch the criminals (on camera) is at least something.	5/17/2021 6:10 PM
400	More lights cctv if possible	5/17/2021 6:07 PM

405	Better action to assist the homeless, street interventions for drunks whether police or volunteer agency. Policing, and policing that listens. I ran to the end of a street to grab a police (woman!) because there was a girl being held against a building by her partner threatening to hit her. The officer shrugged and said she couldn't leave her post. It was 2am ish on a weekend. I asked her to call for someone else, she said, it's just a domestic. I then put myself at risk hanging around keeping an eye and ended up having to intervene when he hit her.	5/17/2021 5:38 PM
406	I am unsure of cctv set up in the city and these areas specifically	5/17/2021 5:35 PM
407	More CCTV cameras and surveillance from police. Some of these places are checked but not regularly unless there is an issue. The fear is that I could be the victim of one of these issues that couldve been prevented by better safety measures for the public	5/17/2021 5:20 PM
408	More police	5/17/2021 5:19 PM
409	More visible police, local safety app which alerts police, training in schools so the next generation grow up more informed....	5/17/2021 5:19 PM

426	Better lighting and CCTV but education is also key!	5/17/2021 3:52 PM

Worcester Safer Streets

427	Visible policing would significantly improve my feeling of safety in these areas as well as better lighting in the area. The main times of concern would be during the night/early hours, particularly on Fridays & Saturdays when more individuals might be out and about drinking. Media coverage of what was being done in specific problematic areas may also help settle the feelings of being unsafe if i were to visit those areas alone. Whilst CCTV would make me feel at ease, it is not something i personally routinely look for when i enter a park or a specific area. However, it would be good to know if there was good lighting and CCTV coverage in an area so that video/photos of an offence could be captured if an incident occurred.	5/17/2021 3:49 PM
428	Better policing of the areas - more "safe" people around make it less daunting and scary	5/17/2021 3:45 PM
429	Street lamps all working, CCTV in these areas	5/17/2021 3:45 PM
430	Well I'd never visit them after dark and the only real way to 100% guarantee your safety is to have constant guards on patrol but that just isn't practical. There are always going to be isolated incidents of people getting harmed so the public just needs to use common sense and be alert.	5/17/2021 3:43 PM
431	Movement orders more pcso/police patrols moving groups on. More well lit areas, cleaner areas	5/17/2021 3:39 PM

434	Cctv colour cctv brighter lighting	5/17/2021 3:29 PM
435	While an area being well lit & having CCTV does help nothing will really change without educational programs for men that address the roots of toxic masculinity, challenge inappropriate views and provide alternative ways to behave. If the funding allows for this it would be my number one choice.	5/17/2021 3:27 PM

450	Better lighting, obvious CCTV, signs reminding people of the CCTV.	5/17/2021 2:43 PM
451	Bolards,as above	5/17/2021 2:41 PM
452	We need more police on the streets and more visible police cars on the roads/motorways. The likelihood of criminal behaviour is vastly reduced if there is a likelihood of the crime being filmed or potential arrest.	5/17/2021 2:41 PM

459	more police/watchers, increased CCTV, 24/7 chat system incase of emergencies	5/17/2021 2:16 PM
460	Better lighting & more visible police presence.	5/17/2021 2:14 PM
461	Buses/public transport later into the evening/night so that women don't have to fork out for an expensive taxi or walk home through unsafe areas. Women may not be able to afford a taxi and are forced to walk alone. The Buses finish really early and are very unreliable so you end up waiting alone in the dark for a bus that never shows up and then having to walk anyway.	5/17/2021 2:13 PM
462	Every walking/cycle route should be well lit and not have any 'dark spots', for example walking across Battenhall Park used to be generally well lit but there was a bit by the brook and heavy foliage, across to St Peters where it was really dark; in December 2019 I walked down the dual carriageway from Whittington to St Peters at around 6pm - part way along the lights disappeared and there were 'roadworks' on the path - both hazardous and scary! A route which is listed as a cycleway/walkway needs to be tested by someone at night, not just when it is sunny and light!	5/17/2021 2:11 PM
463	Speed cameras, speed bumps, police presence, tickets for speeding	5/17/2021 2:10 PM
464	Better lighting, more people around, CCTV, better access ways when walking (so an alley or dimly lit path isn't the only option).	5/17/2021 2:08 PM
465	More CCTV and signage conveying that. Police presence would help too, groups of "hooded youths" have grown in number in the last few years and are incredibly intimidating.	5/17/2021 2:06 PM
466	Better lighting, alternative safe (traffic free) cycle route established into the city centre.	5/17/2021 2:05 PM
467	Places that make me feel safe are places like the Porcelain Museum Square that are open and lit. More pedestrian areas for example Lowesmoor would make me feel safer as I would be able to give more space to people that made me feel unsafe.	5/17/2021 2:02 PM
468	As a person you feel safer in open spaces that are not only well lit but that have CCTV and have other people around. People around isn't always possible but by putting in every other 'measure' possible would help make a person feel safer. Having lights up and cctv would be cheaper than policing the streets each night. Perhaps holding an event where females can come and get rape alarms and pepper spray to use only on attackers would be a good idea. Also to show how to deal with an attack.	5/17/2021 1:56 PM
469	Cctv, mirrors so you can see round corners, removing places people can hide/lurk	5/17/2021 1:55 PM
470	Street lighting, CCTV, police patrols, kept clean and tidy	5/17/2021 1:55 PM
471	Lighting is key	5/17/2021 1:53 PM
472	Increased use of social presence (whether that be policing or natural social presence due to shops, etc nearby)	5/17/2021 1:52 PM
473	Cctv.	5/17/2021 1:50 PM
474	Increase in CCTV and better patrols. For some areas better lighting would help.	5/17/2021 1:48 PM
